

CONCENTRATED WINDOW AND STAINLESS STEEL CLEANER

◆ Benefits

- An alcohol cleaner that effectively cuts through atmospheric grime and nicotine soiling.
- Leaves a streak free finish.
- Suitable on all glass and stainless steel.
- Ideal for both cleaning and polishing stainless steel
- Product can be dispensed at different rates depending on required strength of finished product.

Part of the Shorrock Trichem Xcellent range of concentrated chemicals

- Developed for use exclusively with the Shorrock Trichem Xcellent range of concentrated chemical dispensers.
- Allows dilution at point of use with no water connections or plumbing required.
- Robust and compact dispenser design can be situated almost anywhere and will withstand the harshest environments.
- Consistent delivery of the correct amount of chemical directly into the bottle, bucket or sink with automatic delay to prevent overdosage.
- Prevents chemical wastage therefore dramatically improving cost in use.
- Reduced storage and transportation costs make it more environmentally friendly, and smaller recyclable pouches make disposal easy.
- User friendly labelling makes product identification easy.
