DUST MAT SYSTEMS

Welcome in

Research proves that up to 80% of dust, dirt and grime in the workplace is actually 'walked in' from outside. With our dust control professional mat service you can prevent 85% of the soiling that is walked into the workplace.

Dust mat systems can help prevent slips, trips and falls at work by making the floors dryer and less slippery. Prevent dirt and moisture from being tracked into (and around) the building, protecting flooring from soiling and permanent damage. Dust mat systems also help to create a smarter, safer working environment.

All our mats are professionally Laundered and exchanged with fresh clean mats every fortnight by our team of service personnel, so your floors are never left unprotected.
