

SAVE MONEY & IMPROVE SECURITY

Customised plant room installations of high pressure cleaning equipment

Contact our team for a site survey and quotation.

- Secure - Theft and vandal proof, equipment based out of sight.
- Save money - Accurate detergent dilution, fixed temperature settings
- Clean - Burner fumes redirected by flue, stainless steel for longer life, we do not fit galvanised flue!
- Labour saving - bulk fuel, detergent options
- Safe and easy to use - remote control option. Electrical connections are not in the spray area.

EXAMPLE OF 4 BAY PLANT ROOM INSTALLATION WITH BULK FUEL, DETERGENT & WATER RECYCLING SYSTEM
