

**Sustainable Cleaning from Shorrock Trichem**

## Welcome to EnviroShot

EnviroShot is our new, professional range of eco-friendly cleaning products designed to cut down on the use of single use plastics and reduce land fill burden. All of the packaging in the EnviroShot range is 100% compostable, and the majority of our reusable trigger bottles are all made using recycled plastic. Thanks to its powdered capsule design EnviroShot is light weight and easy to handle and because it is free from any liquids there is up to a 95% reduction in transportation requirements when compared to containers of ready to use chemicals.

Whether you're looking for a new surface spray, floor cleaner, laundry capsules, or dishwasher tabs, we have a range of fully biodegradable products to suit the majority commercial cleaning applications. Thank you visiting our site and if you like to learn more about the key features and benefits of EnviroShot please read our brochure!

## Sustainable cleaning made simple

- Sustainable cleaning made simple
- Free from Single Use Plastics
- 100% Biodegradable formulations
- 100% Compostable packaging
- Reduced transport costs

# EnviroShot Trigger Bottles

- Thixotropic properties allow the formula to cling to surfaces, allowing longer contact time & improved results
- Removes lime scale and soiling
- Scented sulphamic cleaner
- Use on porcelain, stainless steel, ceramics, and chrome surfaces

- A powerful cleaning disinfectant
- Ideal for sanitising hard surfaces and high traffic touch points
- Offering a fresh fragrance
- Conforms to EN 1276, EN 14476, EN 13697 & Article 95 of the Biocidal Regulations

# Key Features & Benefits

## EFFECTIVE CLEANING & DISINFECTION

### FEATURES

- One sachet per application / dose

### BENEFITS

- Effective formulations
- Biodegradable and phosphate free formulations
- Range of products for different applications
- Cleaner / sanitiser / disinfectant all conforms to EN1276 and EN14476

## STORAGE

### FEATURES

- Small and compact - easy to store
- Varying pack sizes available

### BENEFITS

- Significantly reduces space in both cleaners' cupboards and delivery vehicles

## SAFETY

### FEATURES

- No exposure to concentrated product
- Definitive product range per application
- Easy to transport, and significantly lighter than liquids

### BENEFITS

- No risk of chemical spillage to the individual that is associated with liquids
- Reduces risk of mixing chemicals
- No manual handling issues, and no risk of spillage during transport

# Key Features & Benefits

## SUSTAINABILITY

### FEATURES

- Products supplied in moisture resistant cardboard outers
- No costly dispensing equipment required

### BENEFITS

- Reusable bottles
- 100% compostable boxes
- No downtime waiting for a dispenser to be repaired / replaced

## TRAINING & PRACTICAL

### FEATURES

- Designated / re-usable trigger sprays
- Tailor-made cleaning plans

### BENEFITS

- No more single use bottles
- Colour coding aligned with products
- Visual aid with text and pictograms, to assist in training cleaning staff

## FINANCIAL

### FEATURES

- Tighter control of chemical spend
- Water added at point of application, rather than during manufacture

### BENEFITS

- Easier for supervisory control, in relation to budget planning
- Reduced weight for transportation

# REUSABLE BOTTLES

Bottles are available and intended to be re-used with the range

**20**   
SOLUBLE SACHETS

=

1 BOX =  
20 TRIGGER  
SPRAYS

Sustainability made simple

=

=

**150**   
SOLUBLE CAPSULE

1 small box stops 150 x 5 litre containers and 20 large cardboard boxes going into landfill

YOU CAN STOP 20 TRIGGER  
BOTTLES OR 150 PLASTIC  
5 LITRE CONTAINERS AND  
20 CARDBOARD BOXES GOING  
TO LANDFILL

**By choosing EnviroShot you are significantly reducing your contribution to landfill.  
Improving your carbon footprint.**

## How it works

**STEP 1.**  Each capsule is made of powder, wrapped in a soluble coating

**STEP 2.**  Drop the capsule into a bucket or bottle filled with hot water

**STEP 3.**  The coating dissolves, and the powder is released

**STEP 4.**  Stir, or shake, to mix the powder into the water

**STEP 5.**  You're ready to clean!

# Storage

## **BENEFITS**

Bespoke shelving is available for the EnviroShot Range.

Available to house 3 or 5 products, depending on your requirements

Frees up worktop space

Keeps capsules and trigger sprays all together

THANK YOU!
